FROM THE DESK OF CURATOR-IN-CHIEF THE 19th EDITION: WHERE FASHION SOURCING MEETS IMPACT

What started as a bold vision has now become a cornerstone of the global sourcing calendar. As we step into the 19th edition of the International Apparel & Textile Fair, we are not just hosting a trade sourcing fair, we are engineering a shift in how sourcing is done in the Gulf.

Bringing together over 400+ exhibitors from across the globe and 5000+ buyers from the Gulf and beyond, this fair is not just a platform, it's a powerful bridge between Gulf buyers and international manufacturers. From Istanbul to Seoul, Milan to Mumbai, we have become the connector in the ever-evolving fabric of global trade.

I invite you to walk through this show not just as a fashion industry colleague but as a participant in a global movement. Welcome to the future of sourcing—made right here in the UAE.

Behind every booth lies a story of craftsmanship, heritage, innovation, and resilience. As the Show Director, I am deeply embedded in the rhythm of the fashion sourcing industry, working alongside some of the most brilliant minds to ensure that this fair remains ahead of the curve.

We've moved mountains to make this edition unforgettable—and the results speak for themselves. Expect deeper buyer engagement, more vertical integration, and a strong pulse on trends like sustainability, circularity, and smart textiles. This is where decisions are made, deals are struck, and sourcing is shaped.

THE STORY BEHIND THE SEAMS

Redefining Fashion Sourcing from the Globe to the Gulf

In the world of fashion, sourcing isn't just logistics—it's artistry, vision, and connection. The International Apparel & Textile Fair (IATF) has become the Gulf region's definitive B2B platform, a place where design meets commerce and where the future of fashion is carefully curated, edition after edition.

Now in its 19th edition, IATF has evolved into the Gulf's most anticipated sourcing destination bringing together over 400+ Global Exhibitors across Apparel, Textiles, Accessories, Home Textiles, Trims, Handbags and Footwear.

With participants from 27+ countries, the fair showcases a bold spectrum of creativity—from India's vibrant manufacturing hubs to Italy's legacy of craftsmanship, China's textile innovation, and Hong Kong's premium garments & fabric specialists. Expect to encounter the elegance of France, the energy of Turkey, the finesse of Portugal and Japan, and new narratives from Russia, Korea, Peru, Denmark, Australia and beyond.

This season, the fair presents both Spring/Summer 2026 collections and Autumn/Winter 2025 highlights, making it the only sourcing event in the region that aligns with global fashion calendars while remaining uniquely tailored to Gulf market needs.

At the heart of IATF is a commitment to:

- A trade-only atmosphere that fosters serious business connections
- A paperless, eco-conscious platform reflecting the future of fashion sustainability
- A deep industry pulse that makes every edition smarter, sharper, and more strategic

IATF isn't just a Fashion Trade Sourcing Fair—it's a movement, where sourcing is redefined, relationships are forged, and the Gulf emerges as a global sourcing powerhouse.

GREEN IS THE NEW GOLD

A Commitment to Responsible Fashion Sourcing

As the global fashion industry redefines its future, sustainability is **no longer an option—it is the new standard**. From eco-conscious fabric innovation to ethical manufacturing practices, the industry is embracing change, and so are we.

At the International Apparel & Textile Fair, we proudly support and celebrate sustainable exhibitors who are leading the way in responsible sourcing, transparency, and innovation. Our platform provides visibility to those who are making a difference—with a distinct green tab next to their name in this directory, buyers can quickly identify partners aligned with ethical and environmental values.

By encouraging sustainable practices, we not only contribute to a cleaner, fairer planet but also drive future-ready business that resonates with today's conscious consumers. We believe fashion can be beautiful without costing the Earth—and we're here to champion that transformation.
