Bareezé

THE 16TH EDITION OF INTERNATIONAL
APPAREL & TEXTILE FAIR, DUBAI

Four decades ago, Bareezé's founders envisioned producing premium embroidered fabric in Pakistan, uniting traditional craftsmanship with Swiss and Belgian machinery. Today, under the parent company Eastgate Industries, it's one of South Asia's leading fashion retailers.

This year, Bareezé debuts at the **INTERNATIONAL APPAREL & TEXTILE FAIR, DUBAI-23** with 400 intricate hand-embroidered styles. They specialize in metal threads, mirror work, velvet, and more. With 76 designers creating 4,000 styles per season, they emphasize tradition and modern manufacturing.

SOLOTEX

THE STORY OF US

SoloTex began its journey as a socks production company, but its ambition and foresight led to the establishment of two exceptional sub-brands. The narrative starts in 1965 with a new brand and a separate plant, where we initially entered the textile sector and began specializing in women's socks solely. Solutex eventually came into existence after developing the knowledge and technology necessary to create women's socks.

As the top sock maker in Egypt and the world, Solutex stands apart. Since its founding in 1993. Recognizing the demand for seamless women's wear, SoloTex launched a sub-brand called Plush, that revolutionized the industry.

A collection of seamless garments. Additionally, SoloTex took a remarkable step to preserve the history and artistry of socks by opening a socks museum. This unique venture allowed visitors to explore the fascinating evolution of socks, from ancient times to contemporary styles. Furthermore, Solutex owns four brands; Plush, Socks Museum, Solo Brand and Solo Fit.
