BEHIND THE THREADS OF TRADE

The International Apparel & Textile Fair (IATF) is the Gulf's leading bi-annual B2B fashion sourcing platform, connecting global manufacturers with carefully profiled buyers in the heart of Dubai, one of the world's most dynamic trade hubs. Since its launch in 2014, the fair has grown into a landmark event, drawing over 450 exhibitors from more than 30+ countries and welcoming 5,000+ buyers each edition.

At its core, IATF promises its exhibitors direct access to buyers from across the Gulf region. This focus defines the fair and makes it the region's largest and most trusted sourcing platform. Yet, its success extends beyond its original mandate. Through its growing reputation and word-of-mouth recognition, IATF also attracts influential buyers from North Africa, Europe, and Asia, further strengthening its global reach while retaining the Gulf as its foundation.

The fair presents a sourcing portfolio that spans fabrics and textiles in all their diversity, apparel and ready-to-wear collections for private label sourcing, and an extensive range of complementary categories including accessories, trims, zippers, buttons, laces, footwear, leather, and jute products. These complementary categories have now been formalized into a dedicated identity under the ModaSole & Accessories pavilion. Buyers will find ModaSole exhibitors clearly identifiable, marked with the ModaSole insignia in this edirectory and branded booth stickers across the show floor. Sustainability is central to IATF's vision. Exhibitors embracing responsible practices are highlighted with a green identifier in the directory, while the adoption of this paperless e-directory demonstrates our commitment to reducing environmental impact and leading by example within the industry.

With exhibitors from Australia, Canada, China, Ethiopia, France, Hong Kong, India, Italy, Japan, Netherlands, Pakistan, Portugal, Romania, South Korea, Spain, Taiwan, Türkiye, and Vietnam, IATF offers an unrivalled panorama of sourcing opportunities. For exhibitors, it represents more than participation in a trade fair. It is entry into the Gulf's most powerful network buyers, amplified by international attention.

MESSAGE *From* THE DIRECTOR

20 EDITIONS, ONE VISION

When we first began the International Apparel & Textile Fair in 2014, it was a bold vision – to create a platform where the Gulf could meet the world of fashion sourcing. What started with just 50 exhibitors has today grown into a landmark event, recognized as the Gulf's biggest international B2B fashion trade sourcing fair.

This year marks our 20th edition, a milestone that carries with it not just pride, but a deep sense of gratitude. Across 20 editions, we have welcomed thousands of exhibitors and buyers, creating connections that have redefined sourcing for this region.

With this edition, we introduce exciting new chapters. The launch of ModaSole & Accessories marks a fresh focus on the essential details that complete fashion. We are proud to welcome new pavilions from Kyrgyzstan and Ethiopia, showcasing cultural richness alongside modern innovation. Our new Hosted Buyers Program brings decision-makers directly to the fair, amplifying opportunities for exhibitors and strengthening IATF as a networking hub.

Sustainability remains at the heart of our journey. From this paperless directory to our efforts in highlighting exhibitors with sustainable practices, we are committed to encouraging a future where sourcing is responsible, transparent, and future-ready.

This 20th edition is more than a milestone. It is a movement, a celebration of what has been achieved, and a promise of what lies ahead.

“

IATF is where the Gulf sources, scales, and builds the future of fashion.

WHERE ACCESSORIES TAKE THE STAGE

For the first time, the International Apparel & Textile Fair introduces ModaSole & Accessories – a pavilion created to spotlight the complementary products that complete the fashion sourcing journey.

Over the years, IATF has steadily expanded from textiles into apparel, and more recently into accessories, trims, footwear, zippers, buttons, laces, leather goods, and bags. These categories, once quietly present across the fair, now find their home in a dedicated identity that celebrates their importance.

ModaSole & Accessories was born out of buyer and exhibitor demand. Many of our sourcing visitors – from department stores to designers and manufacturers – sought more than just fabrics and apparel. Department stores wanted access to complementary categories to complete their product lines.

Designers looked beyond textiles to find trims, laces, and accessories that define their creations. Manufacturers and factories required zippers, labels, and finishing elements to bring garments to life. What began as a small experiment with complementary products proved essential, and today it stands as a fully realized pavilion within IATF.

ModaSole & Accessories is more than just a pavilion; it is a recognition of the details that define fashion. Buyers can easily identify ModaSole exhibitors by the ModaSole insignia in this e-directory and through distinct ModaSole branding displayed on their booths at the fair.

Whether it is the craftsmanship of a zipper, the texture of a lace, or the design of a handbag, ModaSole offers buyers a focused destination for sourcing the elements that elevate fashion. It also marks the beginning of a new journey – one that will grow to become a standalone showcase in the years to come.

To our exhibitors, buyers, partners, and supporters – thank you for being part of the International Apparel & Textile Fair. Every edition is a testament to the trust, collaboration, and vision you bring to Dubai, turning this platform into the Gulf's leading destination for fashion sourcing.
